Addendum No. 1

Issued 11/25/2020, Bid #21-455-IP--01

Superior Court AV System

The following answers questions and clarifies information contained within the original bidding document and questions asked during the mandatory pre-bid meeting, released for this project and Bidders should consider all information contained within issued addenda when considering their proposal and acknowledge receipt of all addenda in the space provided in the bid form - failure to do so does not relieve respondent of any responsibility or burden of providing and performing a completed project for the bid price offered.

This Addendum consists of three pages.

GENERAL INFORMATION:

1. **TIMELINE FOR PROJECT COMPLETION:** With possible delays due to unavailability of product/equipment needed for this project, vendor's submitting a bid are to include and write in total calendar days of completion on the signed bid sheet in consideration to these delays. Iredell County Facility Services and Superior Court will provide a schedule window that will allow (5) five consecutive days for project completion.
2. Q. Is there a drawing of the courtroom showing layout and dimensions?
A. An original layout for Superior Court Room is being provided. Shown on the third page of this addendum.
3. Q. There is a Liberty Recording System already in place, will this need to be removed or integrated with new configuration?
A. This system is the property of the State of North Carolina and is not to be moved nor integrated with the new system configuration. **Do Not Move or Disconnect.**
4. Q. Is there a camera system needed with this configuration?
A. There is no video requirement needed for this configuration. Do not quote a camera system for videoing.
5. Q. Please confirm that LCD displays are required at the following locations: Judge, Witness, Clerk, Attorney 1, Attorney 2, large wall mounted display and (2) at Jury Box.
A. This is correct, as per Bid Requirement.

6. Q. Please confirm that laptop connections are required at the following locations: Attorney 1, Attorney 2, Clerk, Judge, and Witness. Any other places?
A. Laptop Connections are needed at these stations and only at these stations.
Provide standard HDMI connectors for these stations.

7. Q. Will the Attorney, Judge and Clerk stations require connections to use a laptop for audio conferencing, i.e Webex?
A. This will be a change to the original work, please include cost to install connections so that a laptop may be used at these three stations for audio conferencing.

8. Q. Is a single, table-top document camera between the Attorney tables adequate, or would you prefer to have one on each table?
A. As per Bid Requirement, only bid for one document camera to be shared.

9. Q. Please describe the model & function of the 8.0” Touch Panel with Table Top Mounting.
A. This touch panel is to allow control over the system to control visibility of the images or documents to who needs to view. i.e. documentation only the judge, attorney or witness need to view versus a full display view to all monitors in the courtroom.
Touch Panel needs to function with the system, no specific model is being required.
