### ***EMS Paving Project for Harmony and Troutman Bases***

The following answers questions and clarifies information contained within the original bidding document released for this project. Bidders should consider all information contained within issued addenda when considering their proposal and acknowledge receipt of all addenda in the space provided in the bid form - failure to do so does not relieve respondent of any responsibility or burden of providing and performing a completed project for the bid price offered.

This Addendum consists of one page.

#### GENERAL INFORMATION:

1. Q. Harmony Site – Suggestion to changes in scope of work to include removing all existing asphalt, condition existing stone and pave 4” asphalt.  
  
A. There will be no changes to the scope of work for this site. There will be 296 square yards of areas to sawcut, remove and patch. Field Manager will meet with awarded bidder to identify the areas. Prepare bid for this measurement.
  
2. Q. Harmony Site – During a site visit, (3) clean outs were identified, but only two were listed in scope of work. Would someone please review and confirm quantity?  
  
A. There are (3) clean outs at this site – please adjust to the scope of work and submit bid with this additional clean out included.
  
3. Q. Troutman Site – Need clarification scope of work for this site, #1 that you are asking that the entire area selected on the provided aerial view have the asphalt removed and then add 6” ABC stone and 4” asphalt for a depth of 10”.  
  
A. Yes, for Troutman site the asphalt in the area selected in the aerial view needs to be removed prior to laying the stone and asphalt.
